Education

St. Joseph's College of Engineering

Bachelor of Engineering in Computer Science

CGPA: 9.01 (Upto 5th Semester)

2023 – 2027

Chennai, Tamil Nadu

Fatima Matriculation Higher Secondary School

Higher Secondary Education

PERCENTAGE: 93

2022 - 2023

Vriddhachalam, Tamil Nadu

Experience

Scode Software Solutions

June 2025

Full Stack Developer Intern

Cuddalore

- Worked as a Full Stack Development Intern with a primary role in **frontend development**, contributing to the UI of a School Management System using HTML, CSS, JavaScript, Flask, and MySQL.
- Built responsive user interfaces including modules for student admission, teacher registration, exam results, and class schedules.
- Designed clean and structured UI layouts to improve usability and user experience across different devices.
- Improved UI/UX by applying proper layout structuring, form validations, and interactive elements.
- Worked with MySQL database to perform CRUD operations and manage student and staff data efficiently.
- Learned how to build user interfaces and structure web applications efficiently.

Project

Secure File Sharing System | *HTML, CSS, JavaScript, Python (Flask), AWS S3 (for storage), IAM (for security)*

- Developed a **secure web-based file sharing** platform that allows users to upload, store, and share files through a responsive user interface.
- Built the backend using Python (Flask) to handle file uploads, user requests, and communication with cloud services.
- Integrated **AWS S3 (Simple Storage Service)** for scalable and reliable file storage, enabling efficient handling of large files
- Implemented **pre-signed URLs** to provide temporary and secure access to uploaded files without exposing sensitive credentials. Enabled users to define custom expiration times (e.g., 10 minutes, 1 hour), after which the generated **download link** automatically becomes invalid, enhancing security.
- Applied **AWS IAM** to enforce strict access control, ensuring that only authorized actions are permitted on stored files. Implemented error handling and notification messages to guide users during upload failures, invalid inputs, or expired downloads.

Skills

Languages: HTML, CSS, C (basics), Java, React.js (basics), SQL

Tools and Technologies: AWS Services(IAM, S3, DynamoDB), VS Code, Canva, Netlify (Static Website Deployment)

Soft Skills: Problem Solving, Time Management, Self-Learning

Certifications

- **AWS Certified Cloud Practitioner (CLF-C02)** – AWS
- Honours Diploma in Full Stack Developer (HDFD) with Grade A
- **AWS Academy Cloud Foundations** – AWS Academy
- AWS Academy Certificate – Introduction to Cloud
- **KodeKloud** – Git for Beginners
- **NPTEL** – Programming in Java, Python for Data Science (Elite)

Challenges and Achievements

- Secured **2nd Place** in **Conphy'25** State Level Intercollegiate Technofest, organized by **SIMATS Engineering**
- Successfully completed **30 Days AWS Cloud Challenge** – LinkedIn
- **Solved 1194 problems** and earned **317 medals (Bronze)** on Skillrack
- **Solved 150+ problems** on Leetcode
